Please give details of all diving industry related interests, whether remunerated or not, and any other potential conflicts of interest

No remunerated diving related interests and any other conflicts of interest.

What do you think are the key challenges facing BSAC, and what should we be doing to address them?

As a club member and previous branch training officer I think BSAC need to think about how we can compete in the leisure diver training market with other agencies. The new BSAC app is a good tool but could do with going forward and being the market leader in the leasure diving environment.

Please describe how you would contribute to any / all of these areas

As I have nominated myself for the one ordinary council member position I feel I can offer ideas and advice on all of the areas of knowledge above.

Personal statement

I have enjoyed my time as the training officer for my local branch and feel I'd like to be involved at a higher level to give my knowledge of frustrations and good practices while at the club and use them to develop on a national level to benefit all of the BSAC branches.
